FACE TOWARDS
YOUR SUCCESS.

The term vaastu is a Sanskrit word which is 'Bhu' which means earth. All the materials are a form of energy. Vaastu Shastra states that every energy has life and this energy may be positive or negative. Vaastu Sastra aims that to maximize the positive energy and avoid negative energy from our circumstances. According to vaastu shastra east is most beneficial direction. East symbolizes life, as God Sun rises from this direction. Sun brings light and energy to this world and this is why east facing properties are considered best for any type of construction.
